Renegade MD's Formula Is Finally Here:

Introducing Keto CBD

New soft gel sweeping across America holds the key to waking up feeling refreshed, enjoying joints that move freely...now with 'better absorption' lipid technology.

In early 2024, Al Sears M.D. is re-launching his unique version of keto-friendly CBD nationwide.

After teaming up with medical researchers at The Green Gardener to create the world's best, most absorbable, most effective CBD product, their latest innovation is finally ready to ship.

This new product boasts higher absorption than the competition and has passed rigorous quality testing and scientific study.

"In the short amount of time CBD has been available, we've seen just how transformative it can be for all people," says Dr. Al Sears, "[CBD]... promotes a feeling of comfort and a peaceful, relaxed state of mind better than most commercial alternatives and isn't addictive in any way."

The Quest For A Better Absorbing CBD

Many vendors have tried to jump on the CBD bandwagon, flooding the market with cheap, low-quality products. But research has revealed what makes CBD work better than the alternatives – and that is how Dr. Sears' latest innovation **Canna LS** stands out.

The problem with cannabinoids is that they are oil-based compounds meaning they do not mix well with water.

And since our cells are 90% water the cannabinoids can't efficiently penetrate the cell membrane and get inside the cell where they are used. Because our bodies can't absorb CBD on its own very well, it's much more difficult to feel the beneficial effects.

"The Green Gardener's **Canna LS** stands out from the crowd by being available in highly absorbable, lipid soluble soft gels.

With its lipid soluble design, **Canna LS** gets to work more quickly and effectively than CBD found at general retailers and gas stations.

Thanks to this unique lipid

soluble technology, users can now enjoy more support for discomfort...and many other benefits that CBD has to offer without having to wait hours for it to kick in.

100% Keto CBD

Studies done in animals and in human cells have suggested that when CBD is administered with a high fat meal or in a lipid-based formulation its bioavailability is significantly improved, as much as three-fold.

And that's good news for those taking **Canna LS** since this formulation is keto-friendly, with expected optimal results for those consuming fat for energy.

Dr. Sears and Green Gardener sourced a pure and high-quality fat source in the form of MCT oil within the **Canna LS** soft gel. Now everyone can have keto-style CBD that truly delivers.

MCT oil is a new natural wonder shown to support a healthy weight, boost stamina, and help sharpen focus.

Amazing What You Get In Every Single Gel

- **Lipid Soluble Technology** – one proven to make hemp way more absorbable in the cells than oil alone
- **The Entourage Effect** – contains the full-spectrum of therapeutic phytocannabinoids and terpenes
- **A Therapeutic Cannabinoid Dose** – 10 mg of the most powerful cannabinoids without THC.
- **Highest, Pure Grade Hemp** – Made in America, all-organic, non-GMO, and free of pesticides and toxins

*"By the sixth day, the occasional discomfort I had was gone."
- Daniel M*

Next Generation Canna LS Is More Advanced Than Regular Hemp Oil

In all 50 states, patients can get their hands on a non-psychoactive form of cannabis or CBD almost anywhere. But not every option is going to deliver.

Not only is **Canna LS** the best source of all natural, non-GMO cannabinoids, but it is also formulated with a game changing delivery system that allows it to deliver those cannabinoids where they are used most.

"We can only make this guarantee because we are 100% certain our customers will be satisfied," says Ms. Kim. We want to take full risk off consumers. So in addition to offering substantial discounts for first-time customers, we also make them a huge promise that ensures they don't have to risk a cent."

Here's how it works: Take **Canna LS** exactly as directed, and you must be thrilled with the results! Otherwise, simply return the bottles and any unused portion with-in 90 days of purchase.

Taking All The Risk Off Consumers

A large percentage of men and women using **Canna LS** experience truly amazing results. That's why it's now being sold with a guarantee that goes way beyond the industry standard.

"We can only make this guarantee because we are 100% certain our customers will be satisfied," says Cody Gillespie, the executive who helped Dr. Sears create this new healthy hemp breakthrough.

"So, in addition to offering substantial discounts for first-time customers, we also make them a huge promise that ensures they don't have to risk a cent."

JERRY SEINFELD TAKES ON POP-TARTS

In August of 2018, Jerry Seinfeld posted something on the former Twitter that seemed to be a funny enough thought, but nothing to take especially seriously: "At one point I was thinking about an invention of the Pop-Tart movie. Imagine the drunk on sugar-power Kellogg's cereal culture of the mid-60's in Battle Creek, MI. That's a vibe I could work with."

Turns out, the comedian was not joking. Almost six years later, we now have a film about how Pop-Tarts, those tasty breakfast pastries, came about in 1964, a film that costars Seinfeld, who also directed, cowrote and coproduced.

Set in 1963 Michigan, *Unfrosted* (premiering Friday, May 3 on Netflix) tells the story of the cutthroat and breakneck race between sworn cereal rivals Kellogg's and Post to invent a pastry that will change the face of breakfast forever. Netflix describes the film as "a tale of ambition,

betrayal, sugar and menacing milkmen."

That tongue-in-cheek description is a good indicator that while this movie may be based on real events, it likely takes a comedic approach to them.

A look at the actors in it is another sign; the cast features a number of Seinfeld's fellow comedians/actors, including Melissa McCarthy, Jim Gaffigan, Amy Schumer, Bill Burr, Hugh Grant, James Marsden, Christian Slater, Daniel Levy, Jack McBrayer, Bobby Moynihan, Thomas Lennon, Max Greenfield, Cedric Yarbrough, Sarah Cooper and Fred Armisen.

The film will incorporate other classic breakfast/snack icons, as well. Grant is listed as Thurl Ravenscroft (aka Tony the Tiger) and Yarbrough as Toucan Sam, with other actors playing everyone from the Doublemint Twins and Little Debbie to General Mills and Ralston Purina.

Let The Tears Begin ... "Dance Moms: The Reunion"

There's no denying the legacy Abby Lee Miller left the dance world, as she was an immensely talented choreographer and larger-than-life TV personality, but her meaner-than-mean, win-at-all-costs attitude coupled with legal issues, warring mammas and devastated child students ultimately led things to crumble. While Lifetime cameras captured all the drama and all the tears during *Dance Moms'* (2011-19) eight-season run, the true stars of the show were the young girls, including fan favorites JoJo Siwa, Chloé Lukasiak, Brooke Hyland, Paige Hyland, Kendall Vertes and Kalani Hilliker, who all return for a two-hour special in *Dance Moms: The Reunion* (Wednesday, May 1 on Lifetime) along with their moms Jessalynn Siwa, Kelly Hyland, Jill Vertes and Kira Hilliker (plus Christi Lukasiak, who hosts the new series *Dance Moms: Epic Showdowns* immediately after). The dancers will look back at the most memorable moments of the series and discuss the good, the bad and everything in between, while their moms catch fans up on the most controversial headlines and what they are doing now. "I was thrilled to be reunited with the girls because nobody understands the bond we share. We grew up together in a very unique way and having each other to rely on (whether we see each other often or not) is something I think kept us grounded," shares Paige Hyland. "So, being together again when we are in better stages of our lives, as successful young girls, knowing what we've accomplished is a great feeling."

"Welcome To Wrexham" Kicks Off A New Season

It was exciting when Wrexham A.F.C., a long-suffering club from North Wales owned by a pair of Hollywood novices, finally won promotion to the English Football League in this docuseries' November finale. But because the game had occurred months earlier, it wasn't exactly news to fans. That's why the Emmy-winning show's third season has been pushed up to more closely align with the EFL season. If the Red Dragons can remain strong despite injuries, expect celebrations from owners Rob McElhenney and Ryan Reynolds. *Welcome to Wrexham* returns Thursday, May 2 on FX.

TCM Is On A "First Name Basis" Theme In May

Turner Classic Movies has established a monthlong, Wednesday night spotlight in May on famous films with one-name titles using the name of a primary character. On Wednesday, May 8, the five-film lineup begins with two Westerns: the Best Picture Oscar-nominated *Shane* (1953), led by Alan Ladd as the titular mysterious gunfighter known by just that one name, followed by *Hud* (1963), starring Best Actor nominee Paul Newman as Hud Bannon, alongside Best Actress winner Patricia Neal and Best Supporting Actor winner Melvyn Douglas. Up next is the historical epic *Spartacus* (1960), featuring Kirk Douglas as the titular escaped slave who leads a rebellion against Rome. That is followed by Shirley Temple as 8-year-old Swiss orphan *Heidi* (pictured) in the 1937 adaptation of Johanna Spyri's children's book. The lineup concludes early May 9 with another literary adaptation: *Kim* (1950), an adventure film based on Rudyard Kipling's novel and starring Dean Stockwell as the titular orphan boy, alongside Errol Flynn.

PBS and **MASTERPIECE** will debut the limited 3-episode series *Maryland* on Sunday, May 5 at 9 PM ET (check your local listings). This is the story of two estranged sisters who reunite to unearth the truth about their mother's sudden death and her double life on the Isle of Man. Arriving in a place they've never visited and with no idea why their mother was there, siblings Becca (Suranne Jones) and Rosaline (Eve Best) open up to each other as they work out a string of family secrets. What first strikes you as a potential thriller is actually a finely observed relationship drama with a love story between these sisters. This moving portrait also stars Stockard Channing, George Costigan, Andrew Knott and Dean Lennox Kelly.

Food Network will premiere its new 8-episode series *Next Baking Master: Paris* on Monday, May 6 at 9 PM ET/PT, with a 90-minute opening episode. Ten American bakers travel to the City of Light for the ultimate pastry competition. Hosted by acclaimed pastry chef Stephanie Boswell and French-born chef and restaurateur Ludo Lefebvre, these ambitious and highly skilled American bakers are given unprecedented access to the most iconic pastry shops, as well as mentoring from renowned French baking experts. The winner of the competition will receive a full suite of France's top-of-the-line professional kitchen appliances and baking equipment valued at \$25,000.

SHOWTIME will premiere the second half of season 6 of its hit drama series *The Chi* on Sunday, May 12 at 9 PM ET/PT, and available to stream May 10 on the Paramount+ with SHOWTIME® plan. This is a timely coming-of-age story centering on a group of residents on the South Side of Chicago who become linked by coincidence but bonded by the need for connection and redemption. During the season's final eight shocking episodes, no one is safe, and everyone will be tested as never before. The cast includes Jacob Latimore, Yolonda Ross, Shamon Brown Jr., Michael V. Epps, Birgundi Baker, Luke James and Curtiss Cook, with many guest stars making appearances.

Why would we do this? Because we are so sure that you will become a loyal Stauer client in the years to come. Recently, we encountered a magnificent cache of cultured freshwater pearls at the best price that I have ever seen. Our pearl dealer was stuck. A large foreign luxury department store cancelled a massive order at the last minute. In their stead we grabbed all of those gorgeous pearls. He sold us an enormous cache of his roundest, whitest, most iridescent cultured 6 1/2-7 1/2 mm pearls for pennies on the dollar. His loss is your gain.

Too good to pass up. Too good to last long. Genuine cultured freshwater pearls are a luxurious statement. Stauer finds a deal this outrageous once every few years. We have sold over 200,000 strands of pearls in the last several years and this is our finest value ever. There is only a limited quantity left in stock, so when they're gone, they're GONE! Call to reserve your **FREE Cultured Pearl Necklace** today and experience a brilliant new definition of price-less luxury!

ASHER GRODMAN

Of CBS' "Ghosts"

Playing a deceased stockbroker who partied a little too hard in the 1990s on the CBS comedy

Ghosts (season finale airing Thursday, May 2), Asher Grodman, who went to college in New York with a lot of guys who also went into finance, is somewhat familiar with the type of character he's portrayed for three seasons. He recently sat down with us to answer our "5 Questions."

1. Now that you've played Trevor for three seasons, how do you feel about him as a character? Do you find him relatable?

I do. Yes, he's a ghost. Yes, he's trapped in one place for eternity. Yes, there's not much to do, but I think the essence of him is that he is just trying to have a good time in any situation possible. There's something almost puppyish about that. He's a stinker. I like that. I think we all have a little bit of a stinker in us.

2. Do you believe in ghosts?

I'm going to say "Yes." I technically grew up in one of New Jersey's haunted houses. The story is that there were a bunch of houses built in the 1700s and have some friendly ghosts who apparently guided the American Revolutionary War soldiers through the swamplands.

3. How did you get into acting?

I was a very shy kid and I think I was the only kid in my whole school who wasn't in the musical in sixth grade. The next year, my mom forced me to do it and I only did it because I had a big crush on a girl. I lobbied to sing "Brown Eyed Girl" even though I cannot sing. I changed the words to hazel-eyed girl in an attempt to woo her. But instead, I just mortified her. I remember standing up there and shaking. There was something kind of invigorating about it. I've been cursed ever since.

4. You used to teach acting to inmates at Rikers Island. What was that like?

It was the hardest thing I've done in my life. But it was rewarding and thrilling. It also provided me the opportunity to home in on how I wanted to approach that work as a teacher and make it digestible.

5. Have you ever felt starstruck by anyone? And if so, who was it?

Oh yeah. I grew up idolizing Philip Seymour Hoffman, and I would run into him a lot in New York. No matter how many times I ran into him or saw him or spoke to him, I was always starstruck.

Season 5 takes an unexpected turn during this all-new episode, as a cow is found to have died under very disturbing circumstances in the same location where the team has witnessed UAPs fly in and out of the Mesa, raising questions for the scientists.

Matt Berry,
a Taurus (born May 2), of
"What We Do in the Shadows"

ARIES (March 21 - April 19)
Recent confusion involving who you are or what you want will begin to dissipate this week. Now that Mercury is back on track in your sign, anything that has been moving frustratingly slow will now garner speed. Second chances are now possible. It's alright if you choose to change your mind now.

TAURUS (April 20 - May 20)
The dust of last week's drama starts to settle down a bit. This isn't an invitation to go back to your old ways, though. Once a rubber band has been stretched, it doesn't go back to its old dimensions. Everything is likely to look a bit different now, including you!

GEMINI (May 21 - June 20)
You can expect recent confusion regarding a friendship or community situation to begin to clear up this week. Soon, you're going to be in a massive growth phase and not everyone can come along for the ride. Sad but true. Not everything can go back to the way it was before.

CANCER (June 21 - July 22)
Professional and / or life direction hiccups begin to subside now. Despite this, those hiccups were enough for you to question your ambitions and the things you thought you wanted. There's a reason it's called the path less travelled. You're invited to take the path you thought you wouldn't.

LEO (July 23 - Aug. 22)
Now that the Sun, your guiding star, is at the very top of your Horoscope, it's your time to shine at work. Step up into being the natural leader you were born to be. Also, don't be afraid of bucking convention, neither. Do what you want to do, not what other's want.

VIRGO (Aug. 23 - Sept. 22)
Love and money are often intertwined. As much as you try and separate them, somehow, they

are two sides of the same coin. It's time you make some choices that empower you even if it seems a little selfish. You can have it all provided you know what you want.

LIBRA (Sept. 23 - Oct. 22)
When it comes to the daily grind, the pace has been nothing short of punishing. With little fuel left in your tank, finish line is near. Do continue to put some of your needs first as you let go of bad habits. You've had to do what gets you through.

SCORPIO (Oct. 23 - Nov. 21)
Romance is looking pretty steamy for you right now. You could get lost in the moment. Whether that moment is something that could change things for the better or you might later wonder about, there is only one way to find out. There is no reward without risk, so risk it!

SAGITTARIUS (Nov. 22 - Dec. 21)
Life and love are about to get so much better for you that you can almost feel it. That being said though, you're not there yet! You still have work to do, so you best focus on that for now. Don't put off until tomorrow what you can do today.

CAPRICORN (Dec. 22 - Jan. 19)
Life at home is about to get back to some kind of version of smooth sailing. You'll be glad for that after a period of confusion and miscommunication. Now that things are back to regular programming, relax a little bit. There is work yet to be done, but not this week.

AQUARIUS (Jan. 20 - Feb. 18)
Some tough lessons about cash have been dished out to you recently. Chances are, you're feeling a little bit confused about what to do next. If that's the case, do nothing this week. As they say, in if doubt, don't. Sometimes the best thing to do is absolutely nothing!

PISCES (Feb. 19 - March 20)
Be gentle with yourself as your energy is likely to be lower than usual now. Rather than pushing for progress, use what you have to allow bubbles of creativity rise up to the surface. It's your imagination where the magic happens. Dream the impossible dream and then get to work.

Madame Web

Cassandra Webb (Dakota Johnson) is a paramedic who finds herself gifted as a clairvoyant. As she is discovering this new blessing, or curse, she moves forward on a path to protect three other women who are connected to her future, as her web encompasses them all. Can Webb save the women and herself from the individual who wants to eliminate them? While the reviews haven't always been kind, some of those involved — Sydney Sweeney, Isabela Merced and Celeste O'Connor — are a joy to watch even in a film that is less than the standard. *Rated PG-13 — Available April 30*

Summer Is Never Going To Trust Claire After Harrison Goes Missing On "Y&R"

Summer Newman, played by Allison Lanier (pictured), didn't trust her cousin Claire (Hayley Erin) even before little Harrison (Redding Munsell) went missing on *The Young and the Restless*. Why? Well, Claire *did* come to Genoa City under false pretenses. Yes, Claire has come to realize that her Aunt Jordan (Colleen Zenk) is not to be trusted — but Claire sure went along with her aunt's schemes initially, didn't she?

"It's every parent's worst nightmare to have your child be missing," Lanier tells *TV Weekly*. "Not knowing if they're OK, all the unknowns."

Despite the gravity of Harrison's whereabouts not being known, there's another big issue going on — Summer simply doesn't trust Claire. Surprisingly, she doesn't have any allies when it comes to this position. "Summer's perspective is that Claire is just an unwell person," Lanier says. "She has done some heinous things. Summer feels that Claire doesn't have any business being around a child — especially her son."

Munsell is new to the role of Harrison, but Lanier says the young actor has hit the ground running. "He is absolutely amazing," the actress raves. "Redding is hilarious and he knows all his lines when he comes to the set and he knows what to do."

If and when Harrison is safely returned, and even if (and that could be a big "if") Claire's hands are clean in this particular instance, Lanier doesn't see Summer changing her attitude toward her cousin.

"What Summer is feeling [will always] be true," Lanier suggests. "Summer can admit she's wrong if and when she is, but that doesn't change the fact that she doesn't want Claire around Harrison."

In Memoriam: Another *World* fans from the 1970s recall Jennifer Leak's portrayal of diabolical Olive Gordon Randolph, a conniving woman who wed attorney John Randolph (Michael M. Ryan) for his money. Leak, 76, passed away on March 18 at her home in Jupiter, Florida, after a diagnosis of progressive supranuclear palsy. The actress, who appeared in the 1968 film *Yours, Mine and Ours* as Lucille Ball's daughter, got her soap opera start on *The Young and the Restless* as Gwen, a prostitute who later became a nun. Janice Lynde (ex-Leslie) told SoapHub.com that Leak was "always trying to 'class up' my wardrobe, my hair. I was always in dance clothes with my hair in a ponytail. She was always perfection."

ASK MATT

WILL WE GET A QUANTUM LEAP MOVIE FINALE?

@TVGMMattRoush

Question: Why does NBC choose to air "high concept" shows, only to cancel them? First *Manifest*, now *Quantum Leap*. At first glance, *QL* looked like a standard reboot, but was more of a sequel. The two-hour season finale was imaginative and impressive. Were the ratings that bad? And could there be a movie finale to wrap it all up? —M.

Matt Roush: To answer the "why," NBC is not alone in digging through their vaults to find "intellectual property" to bring back to life. *Quantum Leap* is a terrific concept, but like so much else in today's fragmented TV landscape, it may not have sustained an audience the way NBC had hoped. (Ratings are just part of the equation, with performance on streaming and other platforms taken into consideration regarding its potential for growth.) I get why the networks are taking these big swings and wish they would take more. But the risk is considerable and the economics not particularly friendly. Regarding a movie finale to bring closure, that's just wishful thinking. But this is NBCUniversal's property to do with as it pleases, and such a gesture would do a lot to take the sting out of the cancellation. It's happened before, but there's no guarantee.

CHEERS & JEERS

by Damian Holbrook
TV Guide Magazine

@damianholbrook

CHEERS TO ELSBETH

for keeping killer company. Not only is CBS's *The Good Wife* spinoff a fitting showcase of effervescent star Carrie Preston, but her kooky attorney has also been hanging with guest stars of equal awesomeness, including Jesse Tyler Ferguson (*Modern Family*), Jane Krakowski (*30 Rock*, left, with Preston) and the iconic Linda Lavin. We do not object!

CHEERS TO FALLOUT

for being such a blast. Prime Video's big-budget adaptation of the gonzo video game about a young woman (Ella Purnell, above) trekking across a nuclear-devastated wasteland is more captivating and clever than anything starring Walton Goggins as a noseless mutant cowboy should be. But watch out for the monster fish!

follow Cheers & Jeers

JEERS TO GREY'S ANATOMY

for causing us some serious hypertension. Six years after leaving the show, Jessica Capshaw (below) returned as Dr. Arizona Robbins for ABC's April 4 episode, yet she failed to drop a single mention of former wife Callie (Sara Ramirez) or their daughter. We waited the entire hour and *nothing*! This is basically TV-medical malpractice.

JEERS TO 9-1-1

for selling Buck (Oliver Stark, below) short. Now that the LAFD hottie has come out as bisexual on the ABC drama, he deserves someone who sets off more sparks than beau Tommy (Lou Ferrigno Jr.).

Will This Strange Antarctic Squid Solve America's Memory Crisis?

New Deep Sea Discovery Proven to Be The #1 Natural Enhancer of Memory and Focus

Half a mile beneath the icy waters off the coast of Argentina lives one of the most remarkable creatures in the world.

Fully grown, they're less than 2 feet long and weigh under 10 pounds...

But despite their small size, this strange little squid can have a bigger positive impact on your brain health than any other species on the planet.

They are the single richest source of a vital "brain food" that 250 million Americans are starving for, according to a study published in the British Medical Journal.

It's a safe, natural compound called DHA — one of the building blocks of your brain. It helps children grow their brains significantly bigger during development. And in adults, it protects brain cells from dying as they get older.

Because DHA is so important, lacking enough of it is not only dangerous to your overall health but could be directly related to your brain shrinking with age.

With more than 16 million Americans suffering from age-associated cognitive impairment, it's clear to a top US doctor that's where the problem lies.

Regenerative medicine specialist Dr. Al Sears, says thankfully, "there's still hope for seniors. Getting more of this vital brain food can make a life changing difference for your mental clarity, focus, and memory."

Dr. Sears, a highly-acclaimed, board-certified doctor— who has published more than 500 studies and written 4 bestselling books — says we should be able to get enough DHA in our diets... but we don't anymore.

"For thousands of years, fish were a great natural source of DHA. But due to industrial fish farming practices, the fish we eat and the fish oils you see at the store are no longer as nutrient-dense as they once were," he explains.

DHA is backed by hundreds of studies for supporting razor sharp focus, extraordinary mental clarity, and a lightning quick memory... especially in seniors.

So, if you're struggling with focus, mental clarity, or memory as you get older...

Dr. Sears recommends a different approach.

THE SECRET TO A LASTING MEMORY

Research has shown that our paleo ancestors were able to grow bigger and smarter brains by eating foods rich in one ingredient — DHA.

"Our hippocampus thrives off DHA and grows because of it," explains Dr. Sears. "Without DHA, our brains would shrink, and our memories would quickly fade."

A groundbreaking study from the University of Alberta confirmed this. Animals given a diet rich in DHA saw a 29% boost in their hippocampus — the part of the brain responsible for learning and memory. As a result, these animals became smarter.

Another study on more than 1,500 seniors found that those whose brains were deficient in DHA had significantly smaller brains — a characteristic of accelerated aging and weakened memory.

PEOPLE'S BRAINS ARE SHRINKING AND THEY DON'T EVEN KNOW IT

Dr. Sears uncovered that sometime during the 1990s, fish farmers stopped giving their animals a natural, DHA-rich diet and began feeding them a diet that was 70% vegetarian.

"It became expensive for farmers to feed fish what they'd eat in the wild," explains Dr. Sears. "But in order to produce DHA, fish need to eat a natural, marine diet, like the one they'd eat in the wild."

"Since fish farmers are depriving these animals of their natural diet, DHA is almost nonexistent in the oils they produce."

"And since more than 80% of fish oil comes from farms, it's no wonder the country is experiencing a memory crisis. Most people's brains are shrinking and they don't even know it."

So, what can people do to improve their memory and brain function in

MEMORY-RESTORING SENSATION: The memory-saving oil in this Antarctic squid restores decades of lost brain power starting in just 24 hours.

the most effective way possible?

Dr. Sears says, "Find a quality DHA supplement that doesn't come from a farmed source. That will protect your brain cells and the functions they serve well into old age."

Dr. Sears and his team worked tirelessly for over 2 years developing a unique brain-boosting formula called **Omega Rejuvenol**.

It's made from the most powerful source of DHA in the ocean, squid and krill — two species that cannot be farmed.

According to Dr. Sears, these are the purest and most potent sources of DHA in the world, because they haven't been tampered with. "**Omega Rejuvenol** is sourced from the most sustainable fishery in Antarctica. You won't find this oil in any stores."

MORE IMPRESSIVE RESULTS

Already, the formula has sold more than 850,000 bottles. And for a good reason, too. Satisfied customers can't stop raving about the memory-boosting benefits of quality-sourced DHA oil.

"The first time I took it, I was amazed. The brain fog I struggled with for years was gone within 24 hours. The next day, I woke up with the energy and mental clarity of a new man," says Owen R.

"I remember what it was like before I started taking **Omega Rejuvenol**... the lack of focus... the dull moods... the slippery memory... but now my mind is as clear as it's ever been," says Estelle H.

"My mood and focus are at an all-time high. I've always had trouble concentrating, and now I think I know why," raves Bernice J. "The difference that **Omega Rejuvenol** makes couldn't be more noticeable."

And 70-year-old Mark K. says, "My focus and memory are back to age-30 levels."

These are just a handful of the thousands of reviews Dr. Sears regularly receives thanks to his breakthrough memory formula, **Omega Rejuvenol**.
